	<b>Function Product Lineup</b>
1.2	Applications list
	<b>Drip-proof, vibration-proof type</b>
3	US-118 (Completely sealed)
	<b>1/2 Disc, Automatic Reset type thermostat</b>
4	US-602 (For small high-capacity minute current)
5	US-621 (Medium – High temperature setting type )
6	US-622 (Low – medium temperature setting type)
7	US-625 (Ceramic high-temperature setting type)
	<b>Drip-proof type</b>
8	US-628 (Drip-proof type Horizontal lead wire out type)
	<b>1/2 Disc, Manual Reset type thermostat</b>
9	US-603 (Compact high capacity for or micro-current type)
10	US-623 (High-temperature setting type)
	<b>Disk type and thin drip-proof type</b>
11	US-630 (Resin seal structure and the load-bearing support type)
12	US-638 (Resin seal structure)
	<b>PCB mounting type</b>
13	US-802 (Small and thin)
	<b>Small rapid thermal response type</b>
14	US-828 (Reinforced insulation corresponding type)
	<b>Leaf type Snap Action</b>
15	US-415 (Temperature variable type)
